

To recognize the two million persons who, over the years, have served in the Canadian army, Highway 401 has been named Highway of Heroes of Ontario.

Among those two million who served, 117,000 lost their life in combat.

There will be 117,000 trees planted along highway 401 as a way to commemorate every soldier who lost his/her life in combat.

CN is a partner in this project by contributing towards the cost of these 117,000 trees and by having its ambassadors volunteer to participate in this important event.

There will be an inauguration event of this project taking place on
Friday November 9th at 10:00 AM
in Trenton, ON
at the corner of Water and Nicholas Street.

It would be nice to have as many CN pensioners as possible present at this important event.

Please advise David Simpson if you intend to attend.
